

Mentoring Discussion Guide God's Work in My Life

You may use the following questions as *starting point* for your discussion. The reflection section below is available if you would like to make any notes. However, you do NOT need to record the answers.

- Describe a time in which you were close to God.
- How did that impact your life?
- What made that time special?

- Describe a time in which you were not close to God.
- How did that impact your life?
- What caused the separation?

- Describe a time when God was working in your life.
- How was your life changed?
- How do you know it came from God?
- How did your faith grow because of it?
