

## Mentoring Discussion Guide Extra-Curricular Activities

You may use the following questions as *starting point* for your discussion. The reflection section below is available if you would like to make any notes. However, you do NOT need to record the answers.

- What extra-curricular activities do you participate in at school?
- Do you participate in any clubs, groups, or lessons outside of school?
- When you hang out with your friends, how do you spend your time?
- What activities do your family enjoy doing together?
- What do you like to do when have time alone?
  
- What about these activities draws you closer to God?
- In what way, might these activities take you away from God?
- How might you incorporate your faith into these activities?
- Are many of your friends involved in these activities Christian?
- Is there a Christian role-model you look up to in these activities?

**Reflection Notes:**
